NOTE: The University of South Alabama Libraries include the Biomedical Library, Marx Library (general library on the main campus), Doy Leale McCall Rare Book and Manuscript Library (housed in the Marx Library), and Joseph and Rebecca Mitchell Learning Resource Center (located in the Mitchell College of Business).

*The Biomedical Library merged with the University Libraries in October 2017. Prior to that there were two separate Fact Book tables (Table 4.7 for the Marx Library and Table 4.8 for the Biomedical Library) often with different data fields. The Biomedical Library serves the curricula, research, and patient care needs of the College of Medicine, Covey College of Allied Health Professions, College of Nursing, and USA Health.

**In the past MCOB and McCall were not included in all aspects of Table 4.7 data collection. Dashes indicate the fiscal years for which they did not collect or provide data.

***In previous years, the metric used to calculate electronic usage/circulation has changed. The new COUNTER 5 metric no longer counts most open access article downloads and counts views separately from downloads for articles. For ebooks in COUNTER 4, all usage was included in the same figure. In COUNTER 5 reports for ebooks, only one type of usage is reported.

n/a describes a period where that service did not yet exist.
